## No "Cash" Basis Says Mayor Until Premier Reports

Administration Failure to  
Reply to Urgent Tele-  
grams Criticized at City  
Council's Meeting.

Censuring the provincial government for failing to co-operate with city council with a view to securing the federal government's stand on the city's proposal to pay its one-third share of relief food allowances in cash, Ald. C. J. Gibbs, at council meeting, Monday, termed it "a funny way of handling provincial business."

This attitude arose out of a night when which council had to adjourn to allow Mayor Hoadley to interview federal officials and determine whether they favored the cash relief proposal and inform city commissioners by the next morning of the results of this interview. Mr. Hoadley failed to reply.

Mayor D. K. Knott said that no action could be taken on the question of cash relief until Premier J. E. Brownlee returned from the east. It was originally suggested that the cash payment be made to relief cases commencing May 1.

**AFRAID OF PERJURY**  
Many unemployed had refused to sign the relief department's new affidavit giving a statement of casual earnings because they were afraid of being charged with perjury. Mr. McKee, manager of the special relief department, told city council, Monday, that he was afraid of the perjury charge when explaining the new affidavit.

He declared the perjury angle need not be considered. Relief cases had nothing to fear if they made an honest statement of their casual earnings. The city was dealing fairly with them, and they were allowed an exemption up to \$100 for each family, which was a percentage of earnings above that amount. The cash taken from the relief fund was applied to their relief accounts.

Ald. J. W. Findlay wanted to know if the relief department had been adopted on the instructions of the provincial relief officials. If the province was going to take over the municipalities in the handling of relief, then the provincial government should administer the relief for Edmonton. He asked for a report on the relief department.

**GETS INSTRUCTIONS**  
Mr. McKee replied that the civil relief department periodically received instructions from the province. The city had to co-operate in order that the province's contribution to the cost of relief be maintained.

Referring to the relief agreement between the three governments, Mayor Knott said the Dominion government had taken a "take it or leave it" attitude as far as the city was concerned.

Ald. Margaret Crang wanted to know whether the civil relief department was honoring the medical certificate and calling for relief in food allowances in certain cases. These certificates, signed by doctors, require the production of medical extra provision for special cases which have been brought to the attention of physicians.

Mr. McKee did not know just how many certificates had been honored and how often they had been used. He said he had ordered an increase in allowances before, but that he had not received any letters or families in question were receiving. He promised to make a check on this item.

**Brother Memorial  
Gives Address On  
American Indians**  
An interesting address on the anthropology of the North American Indians was given by Rev. Brother Memorial, rector of St. Joseph's College, when he spoke before the Edmonton Life Underwriters Association at the Hudsonia on Monday.

Dr. Memorial traced the migration of the American Indians and the Eskimo from the eastern plains of Asia, and explained that much of the research work which had made this knowledge possible had been done by the early missionaries who had first hand opportunities to study among the tribes which was not afforded modern anthropologists.

An interesting feature of the discourse made was that the folklore and myths of the creation of the world and the flood handed down through the tribes for generations, were generally striking similarity to the stories of the Bible regarding these events.

## Introduces Speaker for Law Degree

The Alberta Horse Show Association will hold a meeting in the Hotel Macleod this evening. All members and other interested in horse show pitching are requested to attend.

A group of students from the Old School of Agriculture will write their final examinations on Thursday, and thus close the school year. Success in these exams will qualify them to enter the University of Alberta. The school had 160 students this year.

K. G. Craig, of Nanton, has been appointed as from June 1, clerk of the court and sheriff for the judicial district of Macleod, and J. L. Pavett of Macleod has been appointed agent of the attorney-general in the Macleod district, in succession to J. D. Matheson, who has been appointed judge of the district court for Peace River.

So far as the government is concerned there has been no change in regard to the situation at Drumheller. Hon. Mr. McCreery, minister of public works, stated on Tuesday. The striking men in the Drumheller Valley have been requested to hold themselves in readiness to return to work. The government families should not go without the relief money being made on Tuesday.

## Committee to Probe Relief Boost Request

Three Aldermen to Negotiate With Unemployed Organizations

Stating that their threat to go on strike Tuesday would not carry out if the city council did not meet their demands for increased food allowances, speakers for the Unemployed Relief Committee today asked that a late hour Monday night be set for the meeting of the relief committee and places where unemployed were scheduled to work.

This announcement was made before the council at its regular meeting Monday, but decided to appoint a committee to negotiate with the unemployed and report back to council. Council agreed to meet at 10 p.m. Monday night, but left city hall, and the action would prevent the strike.

BASEBALL STARTS SEASON IN CITY WEDNESDAY

Migrate Wins By "City Block" In Race at Jamaica

They're clearing the decks for the baseball opening tomorrow, the senior leagues' second season in Renfrew Park that was built one of the finest stadiums in the country last year. . . . For some reason that's probably lost in the past, baseballers attach more significance to their opening ceremony than probably any other sport. . . . They're in for pomp and ceremony and the rest of it when they come around to launching their campaign—and this year is no different from the rest. . . . They're planning to get the schedule away with the usual accompanying trappings and have picked a couple of strong-looking squads to start in the Royals and South Siders.

With the many new players that have been coming into the city during the last year or two, the task of deciding between the stars which will be the team to beat is just too much. . . . All of the clubs have new men—plenty of 'em—and so it will be hard to tell the teams' prospects until the players show what stuff they possess.

Coach Perry Page is taking no chances on being caught unawares when Chicago Spencer Club comes here to open their campaign with the Grads for the international championship Saturday. . . . He had the team out for a stiff practice game at the Arena last night and they will super-charge their lighter workout later in the week. . . . From all indications, this Chicago team will be one of the sternest tests the Chicagoans are meeting here and will be in the city all day long to get ready acquainted to the Arena floor.

Senior softball commenced its season in Edmonton yesterday and before another week or so has passed, two of the remaining local baseball groups will commence action, the Big Four and Junior circuits having yet to start.

Edmonton Athletic Club seniors looked back over a second year of activity at their annual meeting last night, and the club members in that time proved satisfactory to say the least. . . . The E. A. C. has sponsored a number of teams in that period and the organization is looking ahead to even greater activity in the future.

Promoter Mike Bilinsky is busy winding up preparation for his next wrestling show to be held Thursday night and believes that his card will be highly interesting for followers of the mat game. . . . If the respective opponents for Jack Kogut and Harry Demetrel are up to that standard, he should have few worries on any score.

**JUNIOR SOCCER**  
St. Michaels will clash with St. Joseph's on Thursday night in a scheduled Junior Soccer League match at Diamond Park. The kick-off is fixed for 7:30 p.m.

KEN DUGGAN HEADS EDMONTON ATHLETIC CLUB AS PRESIDENT

GRUNT-GROAN CARD PLANNED HERE MAY 17

Four Prominent Grapplers To Headline Bout at Memorial Hall

Promising to be the best grunt and groan promoted here for many months, Mike Bilinsky has signed a trio of tough grapplers for two headline wrestling bouts at the Memorial Hall on Thursday, May 17.

For the first main bout, Mike will match Harry Demetrel of Chicago against Charlie "The Seal" of Seattle. All who saw the "Seal" card will remember the great Greek grappler who beat Jack Kogut and the series of flying tackles that ended a thrilling bout. In the second main event, Harry, Billy to the west, will meet the champion of the west, Mike Bilinsky.

The fight manager of Charlie "The Seal" is "The Seal" himself. He knows the game and knows it well. He should prove to be a tough assignment for the busy Greek grappler. Harry, Billy to the west, will meet the champion of the west, Mike Bilinsky.

CALDER CLUB HAS EASY WIN IN SOFTBALL

Kent Miners, K.E.P. Blues and Nev-nox Winners In Other Games

Intermediate softball last night saw four games decided. Calder Garage had 23 to McNellie's Transpore's 3. Kent Miners 28 to 6. Batteries: L. K. E. P. Blues 17, Kent's Green 3 and Nev-nox 14, Avenue News 11.

It was the first game of the schedule in the north-west section where Calder Garage did so much damage. Superior power at bat for the winners, Calder and the Blues, and plenty of bobbles in the field for McNellie's told the tale. No less than nine tall tales were in the book for Calder in the seventh frame, one of them a lusty four-bagger by Brown. Rimstad counted a homer for McNellie's also.

Out at the exhibition grounds Avenue News gave the game away on errors after keeping even as far as his were concerned. The gas venders have a real lineup though and look good for a place in the top division. This was their first appearance of the season.

**BLUES TRIUMPH**  
K.E.P. Blues won their second straight and although the score was big for them, the Groovy ladies fought hard all the way. Lack of work on the willow spelled their defeat. At the other South Side, Kent Miners again won their stride with the last Battery representing the club.

Arrangements for this year's softball, representing the club, will be made by the meeting. Cliff Alder, manager of senior softball, reported on his squad and a sum of \$50 was passed for its equipment.

Harry McLeod was presented with the E.A.C. cup at the meeting for 1933. He defeated Harry Boyle in the final to take this river trophy.

Arrangements for a golf tournament and other club activities were also made at the meeting.

SENIOR LEAGUE TEAMS TO OPEN LONG CAMPAIGN

CALLIES MEET RADIAL SQUAD ON WEDNESDAY

Scotts May Regain Lead of First Division Loop by Win

Defeated by a close 1-0 score in the opener by Radials, Callies will be looking to reverse and leadership of the first division when these two teams clash in a scheduled match on Wednesday. A triumph tomorrow will give the blue striped Scotts top place in the league and they will be pulling up their stiff-locks to capture that honor.

Radials, however, have Teddy Gault on the lineup and that fact it will strengthen the radial's confidence. A considerably better lineup will be fielded by the blue striped Scotts tomorrow. The kick-off is fixed for 7:30 o'clock sharp at Diamond Park.

Radials are expected to lineup as follows: Wallace, Soucek, Gault, Dugan, McElrath, Piller, Boss, J. Graham, John, R. Graham, Anderson, Kerr, Brill and Ness. Bill Armstrong will be the referee.

It has been estimated that there are 16,000 radio receiving sets in use in the United States.

Again Challenge Dad: Buy your Boy a C.C.M. NOW.

If he doesn't pass his EXAMS we will take back the bike and refund your money

During 1932 and 1933 to many dads told us and our dealers that this CHALLENGE had been such a wonderful means of stimulating their boys in their school and home work that he decided to repeat it again this year.

One father said, "After I took you up on your challenge and bought my boy a C.C.M. he just couldn't beat the thought of having to take it back to the dealer if he didn't pass. He studied right down to his studies and stood higher in his class at midsummer than ever before."

**Girls' Bicycles Included in This Offer**  
A girl enjoys cycling just as much as a boy, and is equally entitled to a reward for good school work.

This Challenge Offer applies to new C.C.M. Bicycles and to the Midsummer Term Exam only. Claims for a refund must be made to the dealer from whom the new C.C.M. Bicycle was purchased within one week of the announcement of the examination results.

The great advantage of buying the bicycle NOW is that your boy will be able to enjoy a full season's use of it, and he is just rarin' to get on and ride.

## REDUCTION OF PENSION AGE TO 60 URGED

Pensions Should be Available to All, Young Liberals' Opinion

That the qualifying age for recipients of old age pensions should be reduced to 60 and that pensions should be made available to all, irrespective of financial circumstances, were points strongly emphasized by speakers participating in a discussion held at the Monday evening meeting of the Young Men's Liberal Club at the McLeod building.

The discussion centred around a resolution, advocating that provisions of the Old Age Pension Act be applied to all qualified persons irrespective of their financial circumstances.

The resolution, which was passed unanimously, was introduced by William H. Laidlaw, chairman of the Young Men's Liberal Club.

The President of the club, Arthur Laidlaw, was in the chair.

The general public was invited to attend and take part in the discussion. It was one of the most largely attended meetings of the organization in several months.

At the present time, it was pointed out by speakers, the Act provides for payment of pensions to every person who is at least 65 years of age, is a British subject, or being a widow who is not a British subject but was before her marriage, has resided in Canada for the 20 years immediately preceding the date of her application.

It was pointed out that the Act is not in receipt of an income of as much as \$200 per year, and that any voluntary assignment or transfer of property for the purpose of qualifying for a pension.

It was stressed by speakers that the qualifying age should be reduced from 70 as it is in the Act, to 60.

Others emphasized the fact that the payment of pensions to persons over 60 would be a right of the recipients. In making such payments, care should be taken to keep away from any suggestion or feeling on the part of recipients that it was a charitable act.

It was stressed that the old people of today were the young men and women who should receive the best possible treatment from the country.

**Suggest Those In Tax Arrears Work On Road Program**

Council gave its report Monday night to a principle embodied in a motion by Ald. C. L. G. and his committee, which would give property holders an opportunity of paying off tax arrears which had accumulated up to 1932.

Commissioners were asked to consider the proposal and report back.

Ald. Gibbs moved that a scheme be evolved whereby the taxpayers in arrears could work off a portion of their taxes by working on a road program. Under the scheme, a portion of the tax by the city as a whole or could be paid for on a frontage basis.

Home owners were facing the tragedy of having their homes being foreclosed and being in arrears of taxes.

Many of Edmonton's lanes and streets were in a deplorable condition. Surely the administration could find a survey to determine how many taxpayers were willing to do road work under the conditions named.

Such a scheme, he maintained, would reduce the public mortgage. It was not contingent on any assistance from the federal or provincial governments, which had shown themselves to be in a coming forward to a plan of public works which could be undertaken immediately.

Commissioner David Mitchell reminded Aldermen that it would have to be decided whether it would be to the credit of the city or to the credit of the province.

Mr. Dufosse was elected chairman of the University of Manitoba in March last and will deliver the principal address at convocation on May 15.

On Wednesday he will address the Women's Canadian club, choosing as his topic "Canada's Current Problems."

While in the city he is the guest of Mr. and Mrs. W. H. Parnell.

## Heirs To Fortune Of Ford Guarded

Billy and Josephine Ford, children of Edsel Ford and grand-children of Henry Ford, multi-millionaire, Detroit motor manufacturer, are shown in this exclusive photo leaving the Grosjean Point Hotel Club at Detroit on their return from a morning canoe. Fearful kidnappers, their father has kept them under constant guard, and as a result they have been photographed only rarely. The guard was literally caught off guard when this was snapped.

## QUIZ STEVENS ABOUT PROBE

OTTAWA, May 13.—Members of the House of Commons raised the opportunity yesterday to question Hon. H. H. Stevens as to how long the mass buying committee was going to sit and whether it would recommend a royal commission or other investigating body.

The occasion was when an interim supply bill was before the house and included a vote to discontinue of parliamentary committee.

The minister was asked whether the committee could finish its investigations before the end of the present session. "Certainly," Stevens replied. "And a substantial report can be made as to the ground that has been covered, but it is easily seen that many phases of mercantile activity cannot possibly be covered by this committee or by any body, except over a very lengthy period."

Additional work had been found necessary at the bank, he said, including the construction of extra buildings and a well. All workmen engaged in the construction of the air base had worked at regular union wages and had had their total earnings applied on arrears of taxes. This itself gave a large sum, the minister explained.

It is the intention of aldermen to pay a visit to the air base in the near future.

## GIRL'S DEATH NOW CHARGED TO LOVER

Steamship Engineer Held On Murder Charge in 'Frico

SAN FRANCISCO, May 13.—Held on a murder charge, Millard Hickman, 40-year-old steamship company engineer, sued for divorce because he "had too many women," yesterday denied he had slain Miss Louise Jeppesen, 23, of Ogden Utah, whose broken body was found in Golden Gate park Sunday. Police said he had been attacked, then strangled.

Inspector Charles Dillies quoted Hickman as admitting he and the girl quarrelled after a drinking party in his apartment a short time before her body was found. Lingering which police said belonged to the dead girl was found in Hickman's automobile. A bruise on Hickman's leg and a deep scratch on his hand, were attributed by him to a scuffle with Miss Jeppesen in his apartment.

Hickman placed the time when the girl left her apartment at three a.m. Her body was found about 4:30 a.m. by J. C. Gentry, 62, an employee of a riding stable, as he was walking through a pedestrian tunnel.

A hippopotamus had a stomach eleven feet long.

**You Save MORE THAN THE COST**

What Council Did

Instructed city commissioners to report on the possibility of giving equipment to the Citizens' Alliance who was dismissed from the city waterworks department four years ago.

The board of conciliation appointed by the federal minister of labor recently recommended that Mr. Amalio be reinstated in the civil service.

Received as a progress report the report from commissioners with regard to the proposed extension of 100A street (Howard avenue) from 100A to Macdonald Drive.

It was stated that prospects of an exchange of city-owned property for that offered by A. Cristall had not materialized. Mr. Cristall has an option on property through which the city would have to make the street extension.

Tabled the request of the Alberta district committee of the Farmers' Union League that the city make a grant to assist in defraying the expenses of a conference which the league plans to hold here on June 15 and 16.

Decided to hold a special meeting for final decision and adoption of the city's current estimates. Action on the estimates has been held up by the assessment appeals which have been heard by the Alberta Assessment Commission during the past two weeks.

The city was desirous of settling the appeals settled before adopting the estimates and striking the mill rate.

Granted three applications received from Jager, Place for the extension of city power service to that area. Council made it clear that such action was to be taken as a precedent for other applications which might be received.

According to the reports furnished by lookout men stationed on their 250 mountain range, scattered over an area of 22,000 acres of federal land, just west of the city, the fire was burning in the mountains and western Montana, lighting it covered an area of 254 trees each year during the 10-year period 1926 to 1936.
